- Mr. Anthony Distephano
- Mr. Stephen Bacon
- Mr. Herman Bacon

Executive Director's Report

Professional Licensing Boards Division changes: Mr. Mickler informed members of recent changes to the structure of the Professional Licensing Boards Division. As a result, the State Licensing Board for Residential and General Contractors transferred to his section, along with four staff.

Promoting Licensure: Chairman Richardson led a broad discussion concerning ways that external organizations might be able to assist the Board in promoting licensure. Chairman Richardson invited members to provide him with ideas.

Old Business

Civil Engineering Technology degree program: Following a presentation at the last meeting by Mr. Kevin White, PE, of Albany Technical College, Mr. Chastain updated members on the progress toward accreditation of the degree program. Discussion ensued. Members agreed that Mr. Chastain continue his dialogue and obtain additional information to bring to the next meeting.

Vote to post Rule 180-12-.02 Sealing of documents: As the vote to post this rule did not occur as that meeting was cancelled due to storms, he would endeavor to have the document posted again with a view to holding a public hearing at the next meeting. Mr. Chastain made a motion to post the changes to Board Rule 180-12-.02 Sealing of documents. Mr. Bennett seconded. The motion carried unanimously.

- 1) The term, "documents," as used herein shall mean engineering and/or land surveying work issued in the form of plans, drawings, maps, surveys, reports, specifications, design information, and calculations, including such work issued in digital form. This Rule shall not apply to recordable property plats governed under O.C.G.A. 15-6-67(b)(2)(E).
- 2) The term "issued" as used herein shall mean documents in the final form which bear the seal and signature of the registrant.
- 3) The registrant shall seal and sign (with signature across the seal) all original final documents which are issued to a client or any public agency. The sealing of documents by the registrant shall certify that the work was performed by the registrant or under the direct supervisory control of the registrant on a daily basis. For engineering documents, the date of signature shall be placed immediately under the seal and signature.
- 4) No registrant shall issue an incomplete, preliminary, in-progress, or for-review document or any type unless such document displays the date of issue and a notation in bold lettering, such as

"PRELIMINARY," "NOT FOR CONSTRUCTION," NOT FOR RECORDING PURPOSES," or "FOR REVIEW ONLY," which clearly identifies the purpose for which the document is issued. 5) Seals, signatures, dates, and/or other notations required by this Rule shall be placed on original documents such that the seal, signature, date and/or notations, will be reproduced when copies are

made. All dates and signatures shall be hand written. O.C.G.A. 10-12-4 does not apply.

- 6) Documents containing more than one sheet shall be sealed and signed on the first or title page by all registrants responsible for the work therein. Each drawing sheet, whether bound or unbound, shall be sealed and signed by the registrant(s) responsible for the work on that sheet. If a document is sealed and signed by more than one registrant, the portion of the work for which each registrant is responsible shall be clearly noted.
- 7) Each document that is sealed and signed by a registrant shall contain the name, address, and contact information of the firm or sole practitioner certifying the work.
- 8) Documents that are electronically transmitted shall have the computer-generated seal removed from the original file. All electronically transmitted documents shall have displayed, in lieu of the seal, signature and date, the following statements, "The original of this document was sealed and signed by {registrant's printed name and registration number on {date of signature}." And in bold lettering, "THIS REPRODUCTION IS NOT A CERTIFIED DOCUMENT." Documents as defined in Paragraph (1) that are transmitted electronically beyond the direct control of the licensee shall have the computer-generated seal removed from the original file, unless signed with an electronic signature as defined in Paragraph (9) of this Rule. After removal of the seal the electronic media shall have the following inserted in lieu of the signature and date: "This document originally issued and sealed by (name of sealer), (license number), on (Date of sealing). This medium shall not be considered a certified document." Hardcopy documents containing the original seal, signature and date of the licensee may be duplicated by photocopy or electronic scanning processes and distributed either in hardcopy or electronic medium. The scanned digital files of certified documents are not subject to the requirements of this Paragraph. The electronic transmission beyond the direct control of the licensee of CAD, vector or other files subject to easy editing are subject to the requirements of this paragraph. Easy editing is based on the file consisting of separate elements that can be individually modified or deleted. 9) Documents to be electronically transmitted beyond the direct control of the licensee that are signed using an electronic signature shall contain the authentication procedure in a secure mode and a list of the hardware, software and parameters used to prepare the document(s). Secure mode means that the authentication procedure has protective measures to prevent alteration or overriding of the authentication procedure. The term "electronic signature" shall be an electronic authentication process that is attached to or logically associated with an electronic document. The electronic signature shall be:
- a) Unique to the licensee using it;
- b) Capable of verification;
- c) Under the sole control of the licensee; and
- d) Linked to a document in such a manner that the electronic signature is invalidated if any data in the document is changed.

O.C.G.A. §§ 43-15-4(a), 43-15-6(a), and 43-15-22.

New Business

Discussion of Board Rule 180-6-.03 Rules of Practice: A discussion of (4) of the term 'responsible to', as written in this rule was held. Issues discussed included standard of care, monetary liability and standard of care tort liability.
